

Patyatawee Pongpayak

Platform Engineer

Platform Engineer building cloud-native infrastructure on AWS, GCP, and Azure. I design Kubernetes platforms, GitOps workflows, and CI/CD pipelines that keep applications and APIs running reliably at scale.

Experience

- | | |
|---|---------------------|
| Site Reliability Engineer H LAB | Jun 2022 – Jan 2024 |
| — Ensured reliability & performance of cloud-based healthcare platform using SLIs/SLOs | |
| Platform Engineer RentSpree | Jan 2022 – May 2022 |
| — Improved CI/CD processes and deployment efficiency for US rental platform | |
| Lead DevOps Engineer SkillLane | Jan 2019 – Dec 2020 |
| — Led cloud migration to GCP/Kubernetes, built CI/CD pipelines, reduced CDN costs | |
| DevOps Engineer King Power Click | Jan 2017 – Jan 2019 |
| — Automated testing pipelines, deployed microservices on K8s (AWS + GCP) | |
| Full-Stack Engineer ShopSpot | Jan 2016 – Jan 2017 |
| — Developed web applications and APIs for mobile apps using Angular, React, and Node.js | |

Consulting Experience

- SkillLane** (EdTech) — DevOps Consulting
- Transformed infrastructure to IaC (Terraform) and GitOps workflows
 - Designed scalable infrastructure supporting millions of users
 - Established SRE practices for monitoring and incident response
- HLAB** (HealthTech) — SRE Consulting
- Built CI/CD pipelines using Azure DevOps for automated deployment
 - Managed cloud infrastructure for healthcare application delivery
- Orbit People** (HRTech) — Platform Consulting
- Designed and developed Resume Match App for HR platform
 - Deployed application on DigitalOcean with automated CI/CD
- Finddive** (TravelTech) — Cloud Infrastructure Consulting
- Deployed microservices to Google Cloud using Kubernetes
 - Set up CI/CD pipelines for automated builds and deployments
- ShobShop Media** (Ecommerce) — Platform Consulting
- Optimized platform performance, reducing page load times

Personal Projects

LermoAI – AI-Powered Personalized Learning Platform

Worf – AI-Native Workspace (Chat, Notes, Kanban)
